

Dear Judge Brimmer,

I need my dad! Without him we can't live any memories until he gets out. Good memories we have lived in the past. My dad is going to miss a lot of fun stuff. The only thing we need is for him to be home with all of us. Now, my sister and I have been to a couple of court hearings. When we heard Ned was guilty... it just broke our hearts! We were all praying waiting just to hear that he could be free... but it just didn't turn out that way. My dad would never ever do anything to hurt anybody unless he needed to. Ned Solon is a good man with a good heart that is red = not black! He never hurt anybody I know. I know that my dad would never hurt my sisters, my mom, or myself at anytime. He will always be there for all of us. We all might have our ups and downs but we always get through them with our love. Our love can conquer anything as long as we're all together and ist that what love is all about - be together. Judge Brimmer -

we might always have love but we need Ned Solon home so that way we can be together. I am going through some hard times. In the past I could tell my dad anything - but I can't do that if he isn't home with me - well all of us. I'm speaking from the heart and soul not from just what I want to say but from the heart and soul.

Sincerely

Ned Solon's daughter - Abbie Solon - 10 yrs. ^{old}
